

## Reach new customers and markets . . .

*Nutwood Network is a new community-based business networking group.*

*In partnership with the Federation of Small Businesses (FSB), Nutwood Network will provide local trades people, business owners, community organisations and entrepreneurs an opportunity to meet in friendly and informal surroundings, to exchange ideas and referrals, and to become a part of a wider business network.*

With a focus on local services and suppliers, we aim to build relationships through referrals, mutual assistance and recommendations. Nutwood Network will provide a platform from which members will be able to access and trade with a far wider range of local individuals and organisations than they may normally be able to reach.

While businesses come in all shapes and sizes, driving sales and expanding the customer base are invariably common denominators; being part of a vibrant, innovative and like-minded networking group can really help to open doors and drive profitable growth.

Nutwood Network is free to join, regardless of the size or function of your organisation, and all registered members are invited to a breakfast meeting at the Three 9 Eight Coffee Barn in the Woodman Inn, Nuthampstead at **8:30am on the first Friday of every month.**

Members joining us for the breakfast meeting are asked for a modest contribution of just £10/person towards the cost of our facilities and general admin, and attendees will be offered fresh coffee (or tea) and delicious pastries – all free of charge. Existing FSB members are welcome to join us for the same nominal contribution. In order to grow the Network, members are encouraged to bring one or more guests (£15/person).

In addition to our regular breakfast meetings, at least once a quarter we host exclusive members-and-partners social events at the Pheasant, Great Chishill. These events may include food and drink tastings, discussion workshops, guest speakers or product demos – all designed to provide a relaxed environment ideal for mingling and the exchange of ideas.

**Apply to join, ask about attending a breakfast meeting as a non-member, or simply request more information by emailing [network@nutwoodpubs.com](mailto:network@nutwoodpubs.com).**
